

Alaa Shehata

Junior Software Tester | QA Tester

Egypt · 01024139719 · [Email](#) · [Linkedin](#) · [Github](#)

Profile

Entry-level Software Tester with knowledge of manual testing, test case design, defect reporting, SDLC/STLC, API testing, and SQL. Detail-oriented, analytical, and eager to begin a career in Quality Assurance and contribute to delivering reliable, high-quality software.

Technical Skills

Testing: Manual Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, Integration Testing, System Testing, Exploratory Testing, UI Testing

Test Design: Test Cases, Test Scenarios, Checklists, Equivalence Partitioning, Boundary Value Analysis, Positive/Negative Testing

API & Database: REST APIs, HTTP Methods, JSON, Postman, SQL, SELECT, JOIN, Data Validation

Tools & Programming: Jira, Git, GitHub, Selenium, Chrome DevTools, Python, Java, Linux/CLI

Methodologies: SDLC, STLC, Agile/Scrum, Bug Lifecycle, Severity & Priority

Education

Bachelor / Computers And Information — Kafr El Sheikh University

Kafr El-Sheikh, Egypt · 2024 - 2028

Relevant coursework: Software Engineering, Programming, Databases, Computer Networks

Testing Practice

- Designed and executed test cases for web application features, including login, registration, forms, search, and validation.
- Practiced identifying, documenting, and reproducing defects with clear steps, expected/actual results, severity, and priority.
- Performed functional, exploratory, smoke, sanity, and regression testing.
- Practiced REST API testing with Postman and basic database validation using SQL.
- Studied Selenium and automated testing fundamentals.

Training

Online Training

Covered manual testing, test design techniques, defect management, API testing, SQL, Jira, Git, and introductory test automation.

Soft Skills

Analytical Thinking · Problem Solving · Attention to Detail · Communication · Teamwork · Fast Learner

Languages

Arabic: Native · **English:** Good
